So, just to clarify here…

Your logic is that Candace was required to have done everything in her life and her career perfectly up to this point, including all the associates and gatekeepers she co-mingled with on her way to gaining a large public platform, to now be qualified to (correctly) use her massive platform to bring attention to the BLATANT lies and inconsistencies surrounding the murder of her close friend in broad daylight.

Good points, Dana.

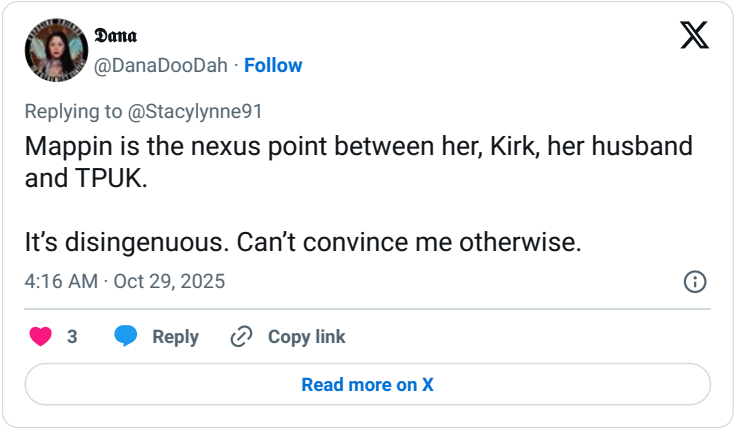
Yes, I get all that.

But again, what does ANY of that have to do with the recent murder of Charlie Kirk and Candace now using her platform to bring much-needed sunlight to the MOUNTAINS of lies and inconsistencies we're being told regarding who actually did it and all the motivated business interests involved?



Dana, you still with us?

We just hit the 30 minutes mark. Do you need more time to cobble together a response? Or would you prefer to phone a friend?

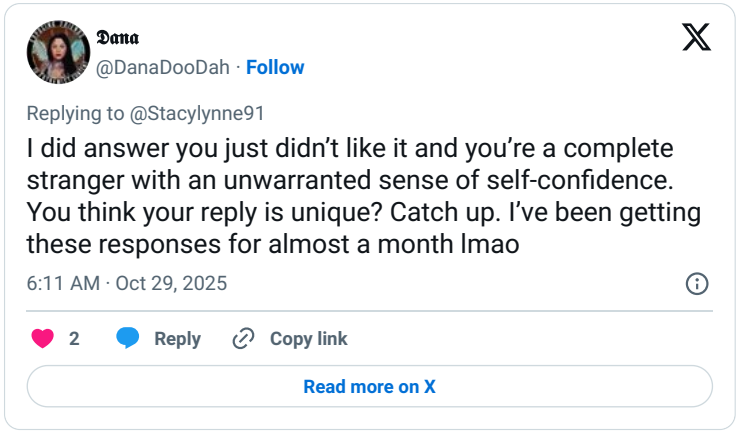
Thanks for getting back to me. Though I Noticed™ neither of these posts contains an answer to my question. Interesting stuff.

Btw, whether you realize it or not, I'm the most important person you engaged today. By a lot.

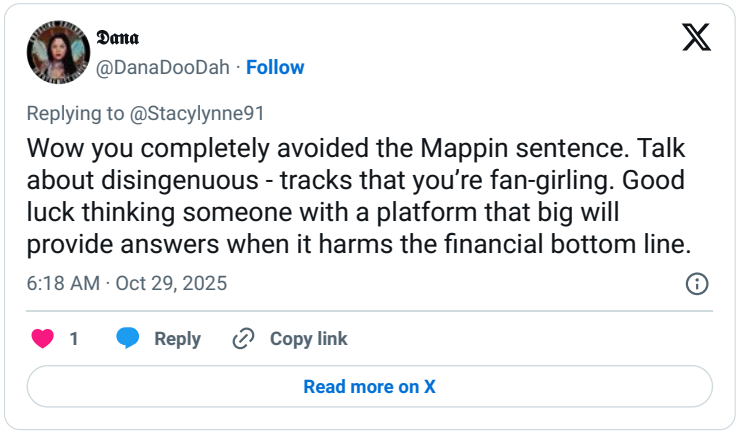
Goodnight, Dana.

You didn't. You called her a shill. I didn't ask if she was a shill or not. I asked what that has to do with her (correctly) using her large platform to put a spotlight to all the inconsistencies and lies we're being told about Kirk's murder. She's bringing the same issues and questions millions of us normie Americans have to the mainstream.

You care to answer THAT question?



Again, you're deflecting. I've been asking you what Candace's relationship with Mappin, Epstein, Farmer and/or anybody else in this equation have to do with what Candace is doing right now to righteously get eyes on the Charlie Kirk murder coverup.



So that's gonna be no answer. Got it.

Guess it's not worth consideration, even though Candace is currently sitting on the opposite side of everyone else at TPUSA, Human Events, FedSoc, Edmund Burke, Claremont Institute, A3P, IAP, Salem Network, Prager, etc. Goodnight.

Because you're assuming those people don't know what happened or had foreknowledge.

Follow the money, right?

Where'd TPUK's money come from? Mappin.
Mappin was in AZ with the McCoys.
McCoy runs TP Faith.

Follow the money, right?

Jeez I'm muting this now what a waste of time
